

Pre ICC

Saturday: PostGrad Lung Cancer State of the Art

| | Sun 5/20 | Mon 5/21 | Tues 5/22 | Wed 5/23 |
|----|--|---|--|---|
| AM | SS LCS Implementation | YIR Lung Cancer SS LCS: Who's In TP: Case Reports | SS Pleural Dz Trials (CP) SS Choosing Wisely (BSHSR) PD Biomarker Future | YIR Pleural Dz SS Inflamm ((RCMB) SS Cell Proliferation (RCMB) PD Lung Ca Outcomes TP: Scientific Abstracts |
| PM | MS LCS Strategies PD Novel Mechanisms | SS Non-NSCLC PD: LCS | MS: Immune system PD IP PD LCS (BSHSR) | SS MRNA Lung Development (RCMB) MS Biomarkers |

Individual Speakers/Sessions

Workshop: Tuesday; Bronch Eval of the Pulm Nodule

Sunrise Seminars: Monday; Pulm Nodule Evaluation; Tuesday; Managing Airway Complications

MTP: Sunday; Complications of ImmunoTx; Monday: Tumor Genetics

Session Titles

Mini-Symposiums

MS 1Harnessing the Immune System in Lung Cancer: Why So Defensive? and is scheduled for the afternoon of Tuesday 5/22

TO-MS2-Clinically Informative Biomarkers in Lung Cancer: A Needle in a Haystack and is scheduled for the afternoon of Wednesday 5/23

TO-MS3-Clinical: Strategies to Improve Lung Cancer Early Detection: Who is at Risk Here? and is scheduled for the afternoon of Sunday 5/20

Poster Discussions

TO-PD1 – RAPID: Novel Mechanisms and Targets in Lung Cancer Progression and is scheduled for the afternoon of Sunday 5/20

TO-PD2- RAPID: Lung Cancer Screening & Pulmonary Nodules: Refinements & Redefinements and is scheduled for the afternoon of Monday 5/21

TO-PD3-RAPID: Peering Into the Future of Biomarkers in Lung Cancer and is scheduled for morning of Tuesday 5/22

TO-PD4- RAPID: Interventional Pulmonology: The Swiss Army Knife for Thoracic Oncology and is scheduled for the afternoon of Tuesday 5/22

TO-PD5 – RAPID: A Better Path Forward: Improving Patient Outcomes in Lung Cancer and is scheduled for Wednesday 5/23

Thematic Posters

Imaging, Interventions, & Interventional Pulmonology: The Three "I's" of Thoracic Oncology and viewing is scheduled for late morning of

TP2-Types, Genotypes, & Phenotypes: The Three "T's" of Thoracic Oncology and viewing is scheduled for late morning of

Detection & Diagnosis: The Two "D's" of Thoracic Oncology and viewing is scheduled for late morning of

Case Reports 1 through 7 and viewing is scheduled for late morning of Monday 5/21
